

Hilton Hotel

Project:
Hilton Hotel

Location:
Heathrow Terminal 5

M&E Contractor:
Facilitas

Completion:
July 2011

Located just minutes by car from the impressive Heathrow Airport Terminal 5, this unique, contemporary 350 bedroom hotel is surrounded by beautiful landscaped grounds and boasts 929m² of flexible conference space, two bars and a Fitness Centre with swimming pool.

The Trend Building Energy Management System controls all of the heating, cooling and ventilation systems. Most of the thirty one Air Handling Units are regulated by air quality control, to ensure efficient conditioning of intermittently occupied spaces.
